Blue polyamide knitted glove 3/4 Black foam PVC HPT (hydropellent technology) coating Seamless brushed synthetic liner Elastic knitted wrist

Benefit

COMFORT The ergonomic seamless knit construction conforms better to the natural shape of the hand for greater strength and durability, superior comfort. Encapsulated air molecules provide a vibration absorption feature Coating won't stiffen when cold, so glove retains its flexibility **RESISTANCE** The Polyamide yarn reduces linting for the most sensitive applications and can be easily laundered for extended use. The foam PVC HPT is a soft, durable and flexible coating that repels liquids to provide a firm wet or dry grip. You need less pressure to handle an oily piece. It also provides an

excellent abrasion resistance equal to heavier gloves. The 7 gauge brushed synthetic liner ensures superior insulation from the cold down to -20°C. HYGIENE The dark colors make the glove less dirty.
