For minimum order quantities, please contact our local office. To access the test data of each reference, please refer to the technical specification documents located in each SKU.

Overview

Key Features

The triconyl line features lightweight knitted 100% polyamide gloves. Version with PVC dots or without.

COMFORT

The tight knit gives the glove perfect support, limits the penetration of dirt and offers a good touch. Non pilling, the polyamide fabric is suitable for the agrifood industry as well as for precision work. The PVC dots ensure a better grip.

HYGIENE

The white colour enhances the glove's hygiene and cleanliness.

Recommended Industries/Use

- Manufacturing
- Pharmaceutical
- Transportation
- Wind Energy

Hazards

- Slip

Regulations

- EN 420-2003 - General requirements
- EN 388-2003 - Mechanical risks
